

The Dolphin Dawdle

This walk is ideally suited for those who don't fancy a long walk, but do fancy a long drink.

Allow 6 hours.

Directions

- 1 Go to the high street
- 2 Turn left
- 3 It's up there

For those who cannot manage the distance, you may choose to try the shortened alternative by stopping at The Barrel instead (point 'A' on the map).

Return

When returning from either walk it is important to remember to turn right when exiting the pub. If you accidentally turn left you may end up in Honiton. And they're a bit funny up there.

Extra tip: If your feet get wet, you went too far.
